

UNITED STATES DISTRICT COURT  
EASTERN DISTRICT OF MICHIGAN  
SOUTHERN DIVISION

ANDREW LYLES,,

Plaintiff,

v.

Case No. 19-10673

District Judge Laurie J. Michelson

Magistrate Judge Kimberly G. Altman

KEITH PAPENDICK, ET. AL,

Defendant.

---

**SCHEDULING ORDER**

1. The Court usually holds a preliminary pretrial conference as soon as a case is at issue. At the conference it briefly reviews the nature of the case and any problems likely to be encountered during pretrial, as well as likely motions to be filed.
2. A review of the pleadings in this case suggest that a preliminary pretrial conference is unnecessary and time limits for discovery and related matters can be set without the necessity of such a conference.

Accordingly:

- a. Discovery and related matters as described in Fed.R.Civ.P. 16(b) shall be completed by 5/12/2021.
- b. Motions shall be filed by 7/12/2021.

**SO ORDERED.**

Dated: 1/12/2021
